PRE-CONSTRUCTION INSPECTION OF STRUCTURES

Dear Property Owner:

K. Hovnanian at Newark Urban Renewal Corp. III, Inc. will be continuing construction at the above referenced contract.

K. Hovnanian at Newark Urban Renewal Corp. III, Inc. has retained an independent specialist, Vibra-Tech Engineers, Inc. to conduct an inspection of the interior and exterior of buildings adjacent to the construction activities. The purpose of the building inspections is to provide the property owner with protection by establishing structural conditions prior to the onset of any construction activity. Also, vibration monitoring will be conducted during the construction period.

Vibra-Tech Engineers, Inc. will be required to make audio notes on magnetic tape and take photographs of the interior and exterior houses/buildings adjacent to the construction site. This will be conducted with the least amount of inconvenience.

Your cooperation is requested and the signed consent form is required. Should you have any questions concerning the inspection, please contact the following:

Michael O. Golden, Vibra-Tech Representative, 609-461-5166
Mark Vanselous, K. Hovnanian Representative, 908-747-7800

Consent is hereby Granted / Not Granted to enter and conduct the above described inspection of the property located at _____
